

VGAA HD1 Scale Convertor

VGA Audio to HDMI (Audio embedded)

Milestone's ML VGAAHD1 VGA Audio to HDMI Convertor is designed to take VGA & Audio signal from PC or laptop and upscale it to digital HDMI output of wide range HDTV & PC resolutions, up to 1080P.

The ML VGAAHD1 VGA to HDMI Convertor is a plug & play device, it will automatically sense the native resolution of the display and Scale the Computer's output to match it. The Convertor will take audio signal from the computer and embedded it into the HDMI output, so that user is able to enjoy both audio and VGA through single HDMI cable.

Set up PC for HD display

VGA Audio to HDMI Scale convertor enables user to setup VGA Audio from PC or laptop to HDMI enabled TV or Projector
